

Boat Smart Super Saturday Volunteers Needed

Smiles and friendly people wanted! Join us for Boat Smart Super Saturday on May 17, 2008 to kickoff National Safe Boating Week on beautiful Dale Hollow Lake. Volunteers are needed to talk to visitors and hand out boating safety information on this one-day event.

Our team of volunteers will give quick tips to boaters and lake visitors at ramps and recreation areas, reminding them to be safe on the water. Rangers will provide an orientation beforehand with everything you need to know – previous knowledge of boating is not required.

We invite everyone to participate - boaters, swimmers, picnickers, hikers, walkers, runners, nature lovers, young people and young at heart, individuals, anglers, clubs, church groups, sports teams, senior groups, Scouts and youth groups. Take a few hours – have fun meeting visitors – enjoy being at the lake - and help others. What you do that day may save a life!

For more information, contact Ranger Mark Willis at the Dale Hollow Lake Resource Manager's Office at (931) 243-3136, or email: mark.a.willis@usace.army.mil
